CHI Health Tele SANE Program

Tele SANE / Sexual Assault Nurse Examiner

The Tele SANE program seeks to reduce the psychological trauma of sexual assault and expand access to specially trained Forensic Nurse Examiners. Leveraging telehealth technology, ED staff can activate a teleSANE encounter to guide registered nurses, physicians, and/or advanced practice nurses on how to collect evidence, document injury and provide trauma-informed care to the patient. Consultative support is also available 24/7.

TeleSANE is accessed through your hospital ED's telehealth cart.

CHI Health Tele SANE Locations:

Good Samaritan (Kearney)*
St. Elizabeth (Lincoln)*
St. Francis (Grand Island)*
St. Mary's (Nebraska City)
Missouri Valley
Plainview
Mercy Corning*
Schuyler

*Locations have onsite Forensic Nurse Examiners, as well as 24/7 tele SANE access

24/7 Access
